ART DIRECTION / DESIGN / WHAT HAVE YOU

ABOUT ME

I'm a transplanted northeasterner, now living and working in the shadow of the rocky mountains with almost 20 years of experience in print, web and interaction design. I've worked on a wide range of projects including: websites, mobile UI,

branding, advertising, product and tradeshow graphics. My ideal situation is working on a variety of projects with a handful of talented creatives that love what they do and have fun doing it (is that too much to ask).
